

STATE REPUBLICANS BORROWED \$165,000

National Committee Lent
\$140,000 on Note, Which
Is Still Unpaid.

INDIVIDUAL AID LIGHT

George D. Pratt Gave \$10,000
and Union League Club
\$15,105.

Special Despatch to THE SUN.

ALBANY, N. Y., Nov. 23.—In order to finance the recent State campaign the Republican State Committee borrowed from the Republican National Committee \$140,000 and from another source borrowed \$25,000 on the committee's note, all of which the committee still owes. On November 7 the State Committee borrowed \$100,000 from the National Committee and \$40,000 on November 4 from the same source.

Most of the money was distributed among the Republican county committees during the last days of the campaign. In all the State Committee spent \$256,368 and has on hand \$46,740 to meet unpaid bills.

The individual campaign subscriptions this year amounted to but \$138,168, which with the \$165,000 secured in loans made available \$303,168 for the expenses of the campaign. The individual contributions were the smallest in years.

Among the big contributors were:

Union League Club, \$15,105; George D. Pratt, \$10,000; Arthur C. James, James A. Farrell, H. C. Frick, R. H. Gary, E. H. Outerbridge and George W. Perkins \$5,000 each; Cornelius Vanderbilt, \$4,000; George P. Baker, \$6,000; R. S. Dawes, \$2,500; William Loeb, Jr., \$2,000; Samuel S. Koenig, \$1,500; W. L. Witherbee, Henry Seligman, J. S. Phillips, Chauncey M. Dewey, Gov. Charles A. Whitman, Comptroller Eugene M. Travis, E. H. Morris, Senator William M. Calder, Jacob S. Scharf, M. A. Weinstein, M. Winberg, B. W. Arnold, Harold I. Pratt, H. L. Pratt and Edward A. Harkness, \$1,000 each; J. S. Fassett, Charles H. Betts, Samuel H. Ordway, C. M. Greiner, A. Barton Hepburn, J. S. Phillips, Alton M. Ide, Francis N. G. Melville, Bender, Charles H. Friswell, R. H. Swell, T. B. Dunn, Edward Schoenebeck, N. J. Gould, Hannan & Son and Senator James W. Wadsworth, Jr., \$500 each.

The Union League Club campaign committee received contributions amounting to \$16,740 and spent it all. To that fund William H. Thompson gave \$5,000, John P. Alford, \$2,000, and George P. Baker, \$1,000.

Patrick E. McCabe, Democratic leader of Albany county, was the biggest individual contributor in the county to Alfred E. Smith's campaign fund. He gave \$1,500. The Albany County Democratic Committee spent \$11,710, of which the Democratic State Committee contributed \$6,800.

STATE BUSINESS FIRST. REPUBLICAN PLAN

Travis Boom for Leadership
Excites Little Interest.

Various up-State leaders yesterday refused to discuss the movement started by friends of Comptroller Eugene M. Travis to place him in control of the State Republican organization.

"There are more important matters in hand just now than any discussion of the control of the organization," declared Assemblyman Thaddeus C. Sweet of Oswego. "It is our business to give an efficient and man-faithful administration of the State's business. We must do all we can to relieve the State of the burden of taxation. To that end the Legislature will apply itself. We must find ways to recompense the State for losses in revenue that are coming and we must cut down in every possible way."

"The fact that the war has so happily ended will relieve us to a large extent."

We can cut down on our secret service work, which has accomplished much good. We can do away with the expense of guarding much State property. We have given liberally for the purpose of stimulating production in agriculture to help win the war. The occasion for this will not be so pressing now. Other expenses in connection with the draft and many war activities will be cut off. There is no question but that Assemblyman Sweet will be re-elected Speaker. He has received assurances from eighty members of the new Assembly that they will support him.

Non-partisan League Meets Dec. 3.
FARRO, N. D., Nov. 23.—President A. C. Townley of the National Non-Partisan League announced here today that a national convention of the league has been called for St. Paul beginning December 3. "Far reaching action will be taken in the matter of organization work and organization policy looking toward the 1920 elections," the official announcement reads.

Suffra Win in Oklahoma.

OKLAHOMA CITY, Nov. 23.—Complete official returns from every county in the State show the suffrage amendment here received 106,909 votes for and 11,481 against. The State Election Board estimates the total vote cast to have been 118,390, giving the suffrage amendment a clear majority.

PUPIN DOUBTS AIR CONTROL.

Sceptical About Wireless Invention to End Static Interference.

Michael I. Pupin, professor of electromechanics at Columbia University, said yesterday he considered Newcomb Carlton, president of the Western Union, to be justified in being sceptical about the invention of Roy Wegmann designed to eliminate static interference in wireless telegraphy.

Prof. Pupin, inventor of the Pupin coil, which made possible the long distance telephone, added:

"The removal of static interference is the great problem of wireless. It may never be discovered—how do I know? But an invention of such tremendous importance should not be announced until it has been tested by disinterested experts."

When reminded that Mr. Carlton had said no doubt the Wegmann invention would remove static in certain conditions, Prof. Pupin said:

"But there are already a dozen inventions that will remove static under certain conditions. What we want is an invention that will remove static under all conditions."

RED MEETING TO BE CURBED.

Federal, County and City Authorities Will Watch Gathering.

The Federal, county and city authorities will unite to make sure there will be no riot in Madison Square Garden to-morrow night, where a Socialist and anarchist gathering is scheduled to protest against Mayor Hylan's recent action barring the display of red flags at unauthorized parades and meetings, also to make a Mooney demonstration.

District Attorney Swann delegated Alexander J. Horke, Assistant District Attorney, to proffer the assistance of his office to Mayor Hylan. The latter has ordered the police to investigate the purpose of the meeting and if necessary prevent its being held.

Agents of the Department of Justice will also be present to see that there is no violation of the espionage or sedition statutes and that undue pleas for leniency for Germany are not made by speakers. Desecration in any way of the American flag will be followed by arrests, it was said.

Jewish War Sufferers Need Aid.

The next money raising campaign in this city will be the drive for \$500,000 to be made by the joint distribution committee of the American Funds for Jewish War Sufferers. From December 8 to December 15 earnest efforts will be made to collect the sum desired. At a dinner given by the People's Relief Committee to-night at 205 East Sixty-seventh street Felix M. Warburg, chairman of the war relief committee, will outline the plans for the campaign.

SHOP FOR YOUR USED CAR

WITHIN a radius of 1000 feet from Columbus Circle you can avail yourself of the opportunity of visiting practically 90% of the automobile showrooms in which Used Cars are on display. Hardly any other line of business in New York City is concentrated in so small an area.

In view of this fact, would it not be advisable to look over all the Used Cars before you buy? Even though you may have decided on a particular car or make of car the opportunity is still open to confirm your judgment by a visit to the Used Car showrooms of better class.

Even a Used Car means a considerable investment in these days of tight money and high prices for everything. It is easier to make a mistake in buying a used car than in the purchase of a new machine. Two Used Cars of the same make and year may differ in condition as widely as night from day.

We unhesitatingly make the suggestion that before buying your Used Car you canvass the entire market. An hour or two thus spent may save you money and increase your satisfaction in the car you buy.

In our salesroom you will find a wide selection both in makes and models. Naturally we pay particular attention to the Used Super-Six Hudsons which we have taken in trade. These are the most desirable Used Cars on the market. A majority have been overhauled and repainted. They look and perform like new cars and the prices will surprise you.
